

## July 26th 2011 Trail Run

Salomon headlined the July 26<sup>th</sup> trail run. Their new tent was the centre of the Salomon Cross Max Trail Shoe Demo, where runners had the chance to take the new Salomon shoes out for the 7.6km run or just a quick loop. The racers loved the chance to “test drive” the many models of Salomon trail shoes without the commitment to buy. If you loved the shoes you tried, Fresh Air has some many styles available and can special order what they don't have.

Forty-six runners participated in the two-lap 7.6km run, contributing \$230.00 to TBNT. The weather was warm and humid with Big Thunder coach Adam Kates just out pacing Mark Maronese to take the win. Nicki Wilberforce continued her winning streak in the women's field. Next race will be Wednesday August 10 at 6:30.
