

Salomon Cross Max Trail Run :: July 4 2011

With ominous thunder and lightning at 5:50 and huge torrents of rain at 6:10, the skies cleared and the sun came out for a great 7km race at the Kamview Nordic Centre. The LSSD Summer Ski Camp brought a lot of great athletes into town for the race and along with the steady group of local regulars, 110 competed. The course was a tough one with an uninterrupted climb from the Tamarack up to the top of the Lookout via the Uppercut trail. Some runners chose the less grueling 3.8 k loop. Salomon and Fresh Air had provided a great group of prizes for the winners and as draw prizes. There was a special guest for the race and the camp, with Canadian Olympian and National Ski Team Stephane Kukne taking part. Next race is Wed July 13
